

Compare to your favorite fitting shirt:

Follow 3 Easy Steps and Get the Right Size!

1. Measure a favorite fitting T-shirt one inch below the armpits while it lays flat on a table. Use a measuring tape or a yard stick.
2. Go to the attached Size Chart below and look for the row titled "Chest".
3. Find the closest to your shirt's measurement, and choose that size. If you are in between, go bigger.

Womens Size Short Sleeve V - Neck	XXS-W	XS-W	S-W	M-W	L-W	XL-W	2XL-W	3XL-W
Chest	16	17.25	18.25	19.25	20.25	21.75	23.25	24.75
Length	22.25	24	25	26	27	28	29	29
Sleeve Long Sleeve	21.25	22	22.25	23	23.5	24	24.5	25
Sleeve Short Sleeve	4.25	4.5	4.75	5	5.25	5.5	5.75	6

Dry Fit Performance Polyester Care Instructions

Machine wash: Cold water, separate colors. No softeners. No bleach. Do not dry clean. Hang to dry or tumble dry low.

Stains: Avoid contact with sunscreen, which stains all fabric. Stains can be addressed promptly by applying full-strength liquid laundry detergent with no fabric softener and let sit before laundering. Vigorous rubbing the fabric together with the soap can dislodge stains, and will not stretch the fabric or remove the decoration.

Iron: with a cool iron when necessary. Use the lowest (coolest) steam setting, over the whole shirt, including the image usually marked "WOOL". Avoid the decoration when ironing. Do not iron when turned inside out. **Iron only one layer at a time.**
